**GENERAL DESCRIPTION:** ODGR is a concentrated premium natural absorbent granular containing a specific blend of odor neutralizers, natural botanicals and emulsifying agents. ODGR is effective against waste related odors, typically derivatives of sulfur and ammonia. ODGR not only aids in containing spills and absorbing liquid, contains a highly effective odor neutralization system to address this class of odors and convert them into odor free, stable, non-harmful compounds. ODGR is naturally formulated, safe, effective and biodegradable. There is virtually no risk to aquatic life when wastewater treatment is handled safely and effectively.
